# Miss Ebony World

Our state has seen a steady increase in the number of African youths, immigrants, adoptees, or international students, in recent years. A lot of these youths become part of the community and adapt to their local culture without ever telling their side of the story. They have done so well embracing the community but rarely get the chance to feel inclusive.

By creating Miss Ebony World, our Vision was to build stronger communities in the African diaspora by addressing emerging needs and help African Immigrants, African Caribbeans feel at home in an inclusive American society. Miss Ebony World is an empowering organization that celebrates the creativity within the Black community by offering a learning opportunity in the hope of sparking a wave of community involvement and to strengthen the bonds between cultures.

Our mission is to bridge the gap between the African diaspora while fostering learning opportunities in the aim of advocating for just and equitable communities that help Black women becoming successful activators of change, and strengthen, reunite one woman at a time.
